**Date & Location:** .....

### Re: Opt-Out from "Health Education" Subject

Dear Headteacher,

As the parent/legal guardian of:

**Student's Full Name:** .....

I hereby formally notify you that **I do not give consent** for my child to attend the subject "Health Education" currently introduced in your school.

---

## Legal Grounds

The subject referred to as "Health Education" lacks valid legal basis under Polish constitutional law. It was issued under an invalid regulation signed by Ms. Barbara Nowacka, who failed to fulfil the constitutional requirement of taking the oath of office under Article 151 of the Constitution of the Republic of Poland. Therefore, she did not lawfully assume the position of Minister for Education, and any regulations issued under her name lack legal force (ex tunc).

As a parent, I assert my fundamental rights under:

- **Article 48 of the Constitution of the Republic of Poland** – the right of parents to raise their children according to their own convictions.
- **Article 72 of the Constitution** – protecting the child from moral harm.
- **The European Convention on Human Rights (Article 9)** – freedom of thought, conscience, and religion.
- **The Convention on the Rights of the Child (Articles 19 & 34)** – protection of children from exploitation, abuse, and harmful influence.

In my opinion, this subject contains ideological and psychological content that may harm the mental and emotional development of my child. I view this as a violation of both national and international standards protecting children and parental authority.

## Action Requested

Please honour this declaration and ensure that my child **is not included in any "Health Education" sessions or curriculum.**

Thank you for your attention to this important matter.

Sincerely,
